

I am very happy with xm radio. It provides me with entertainment and information like news, music and weather. I find it a great asset for me to check the weather and traffic whenever I travel. I think they offer a great service at a small price and it is unamerican to try to dictate what we can and can not listen to. Xm is reliable and I don''t have to listen to a bunch of talk before I can here the weather or traffic. Please consider this before you try to force changes to XM. Thank You Tony Bellomio
